## Program Outcome Achievement

Program outcomes are ordered from lowest to highest. Color bands follow the institutional threshold legend.

## Course Contribution Overview

## Summary Interpretation

The program outcome average is **76.1%**. **PO4** is the weakest outcome at **66.2%**, suggesting that curriculum evidence for function effectively on multidisciplinary teams needs review. 1 student are below the intervention threshold.

Threshold legend: danger < 60, warning 60-69, developing 70-79, success >= 80.

### ACTION NEEDED

**PO4 · 66.2%**

Review curriculum evidence for function effectively on multidisciplinary teams.

### COURSE REVIEW

**CSE301 · 74.8%**

Check whether assessment evidence aligns with mapped POs.

### COVERAGE GAP

**PO1 · 3 courses**

Confirm this outcome is represented across the curriculum.

### SUPPORT QUEUE

**1 students**

Program average below the intervention threshold.
